GALILEO

Welcome on board Galileo!

Built by the prestigious Picchiotti shipyard in 2011 (a division of The Italian Sea Group), GALILEO measures 182'9" (55.7m) in length, with an impressive 9,000 nautical mile range. Since her maiden voyage, GALILEO has embarked on extraordinary journeys around the globe, from the remote Northwest Passage to the enchanting islands of the Indian Ocean.

Now, under new ownership and proudly joining the esteemed IYC charter fleet, GALILEO offers an unparalleled opportunity for charter guests to embark on remarkable expeditions, immersing themselves in the untamed splendour and inviting waters of Southeast Asia and the Indian Ocean. With an infusion of exhilarating adventure, GALILEO promises an unforgettable voyage of discovery and awe.

The yacht's new life as a charter vessel is at the forefront of surfing and diving expeditions, which stems from the owner's personal passion for the ocean. After searching for the perfect yacht to level up the pursuit of exploration, GALILEO ticked all the boxes in terms of range, pedigree, and capabilities to fulfil the adventures the owner wanted to share through the charter programme.

A comprehensive interior refit was completed in 2023, with a focus on adventure and a South Asian, tropical feel. The lazarette was rebuilt to make it fit for purpose, with improved access to dive, surf, and gym equipment. GALILEO also offers a full array of above and underwater cameras, which the crew can use to capture your adventures and compile into a short video for the guests to take home at the end of their trip.
