DIVING PASSIONS AND TRAVEL DREAMS

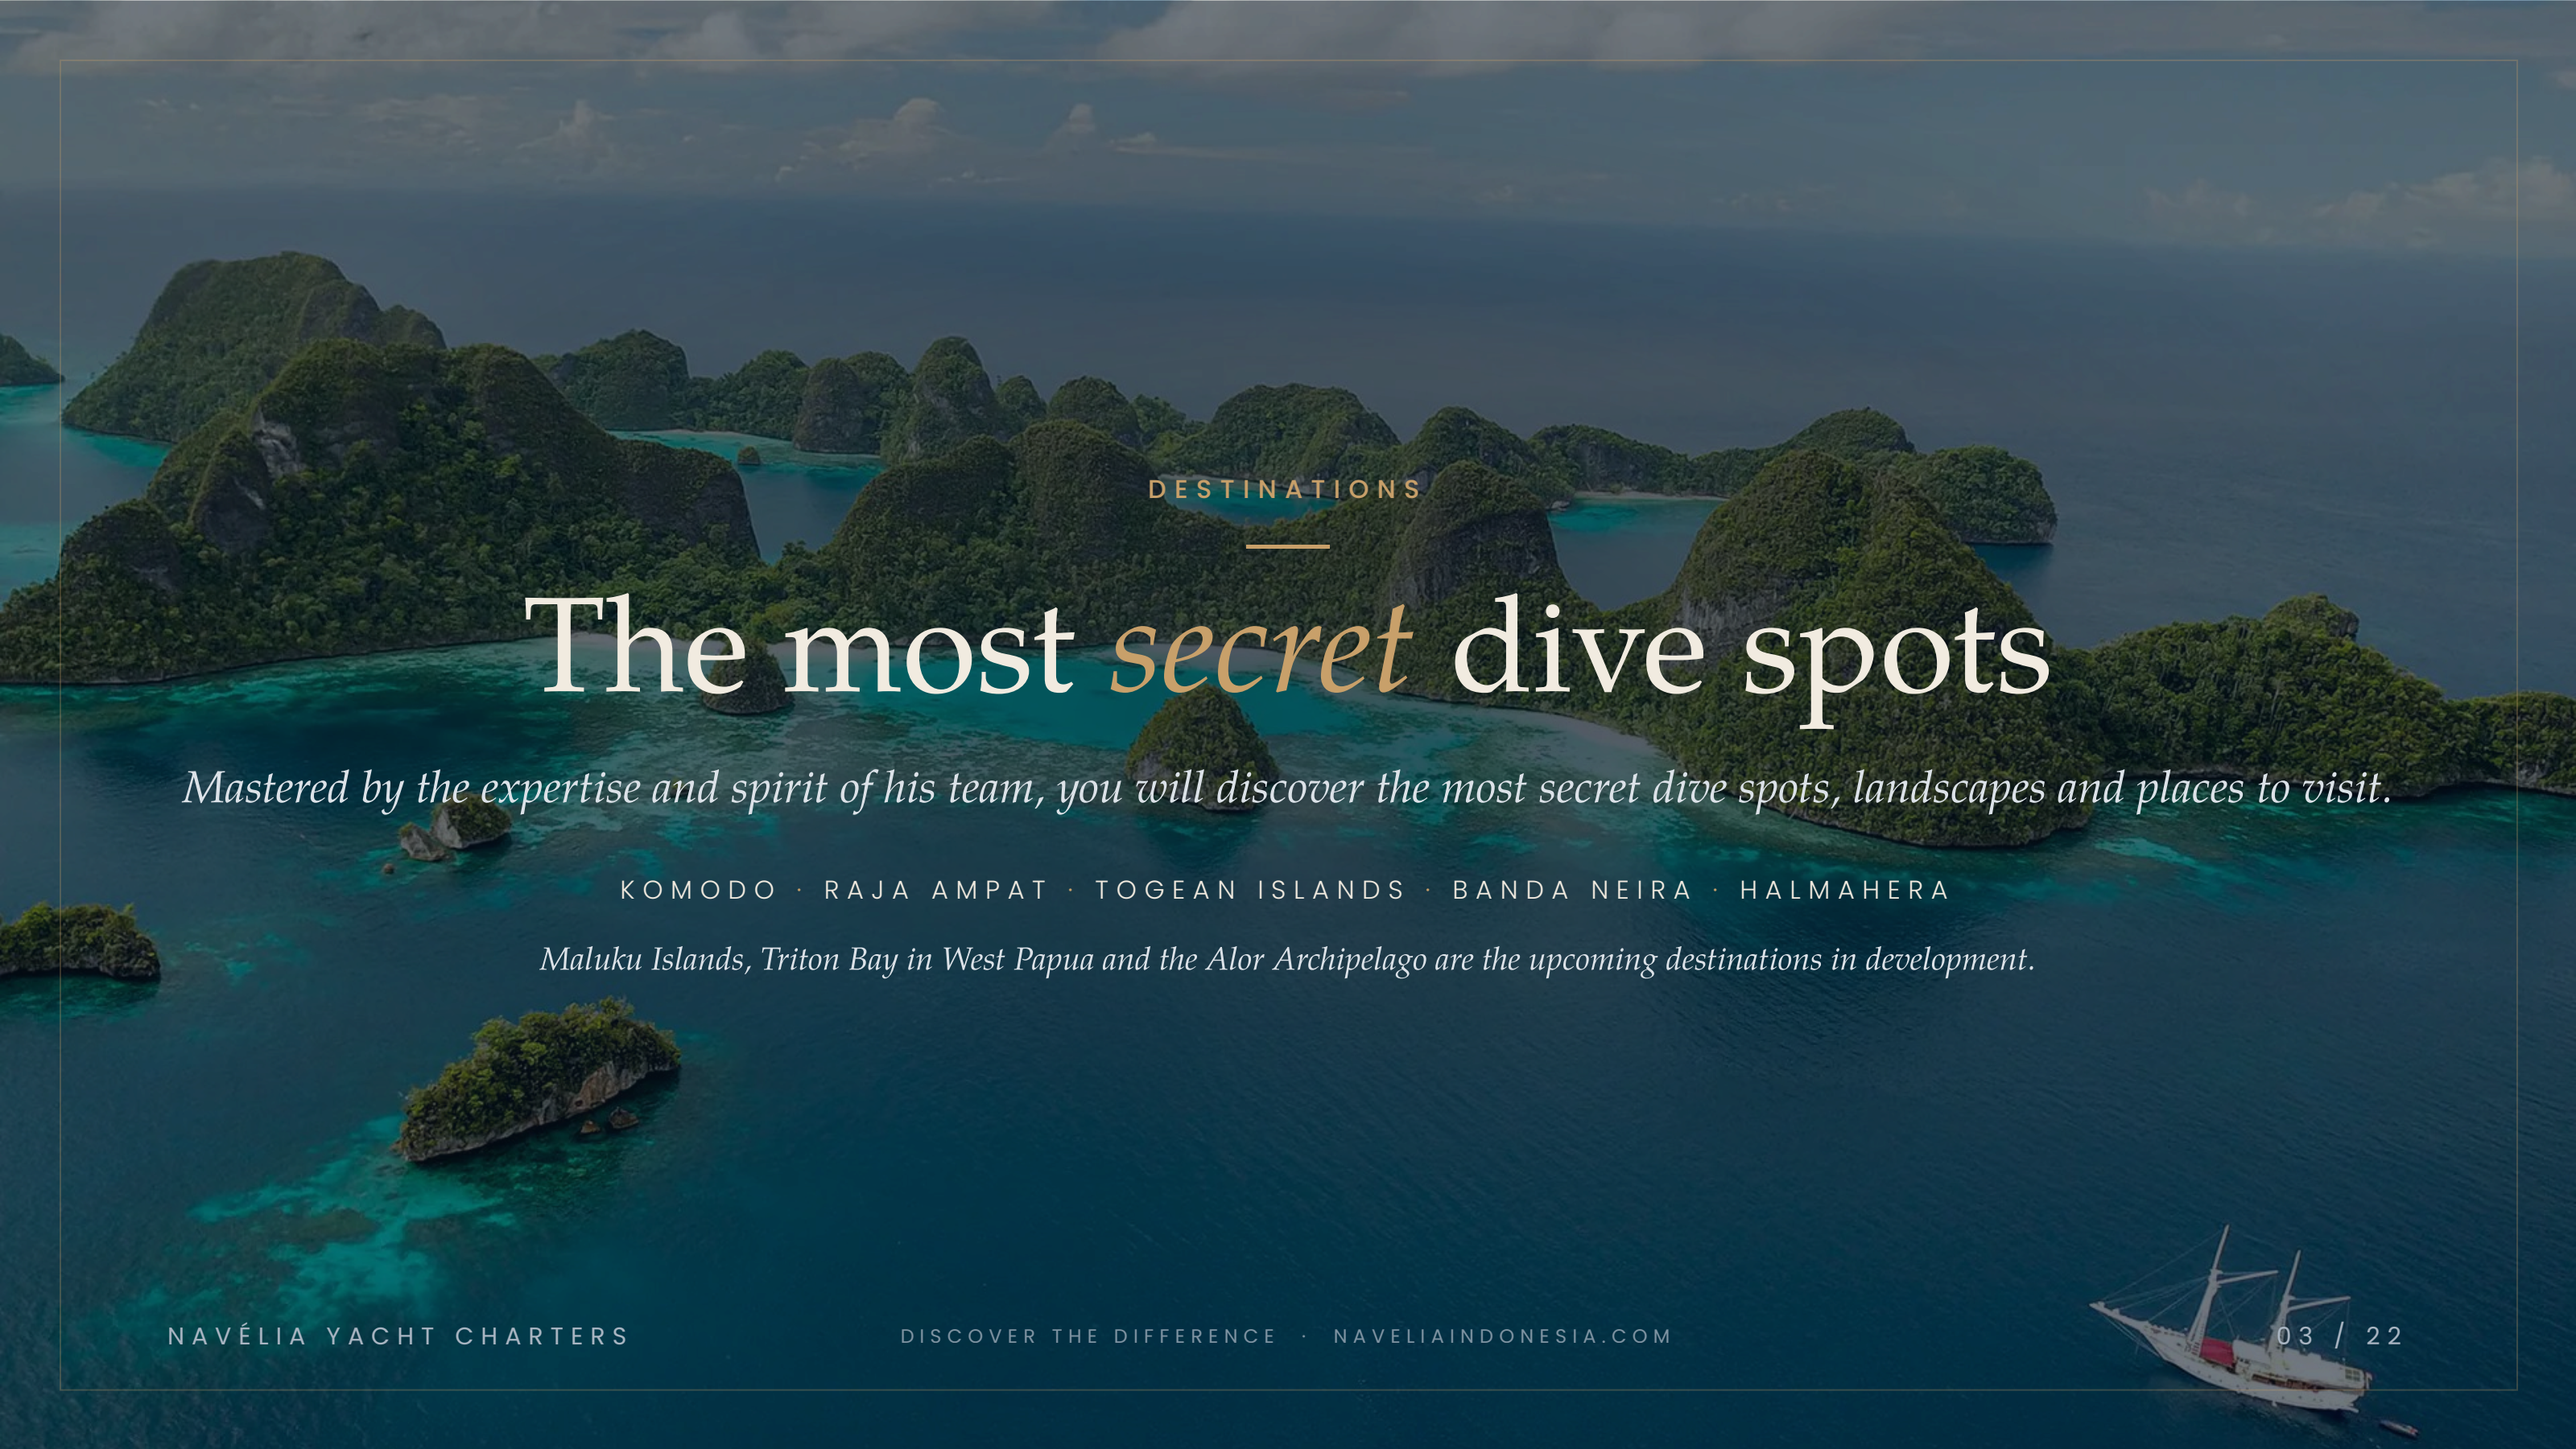

À la carte *discovery*

We offer “à la carte” discovery and adventure cruises with charter or cabin bookings. Our cruises are mainly diving cruises, but we also offer other activities like snorkelling, trekking, yoga and relaxation, kayaking, and stand-up paddle.

The Jakaré is an authentic wooden Phinisi claiming its anchorage in the Indonesian maritime tradition while offering high-end comfort and safety.

Our destinations are in the Coral Triangle, the epicentre of the world’s largest marine biodiversity.

DESTINATIONS

The most *secret* dive spots

Mastered by the expertise and spirit of his team, you will discover the most secret dive spots, landscapes and places to visit.

KOMODO · RAJA AMPAT · TOGEAN ISLANDS · BANDA NEIRA · HALMAHERA

Maluku Islands, Triton Bay in West Papua and the Alor Archipelago are the upcoming destinations in development.

YOUR DESTINATION

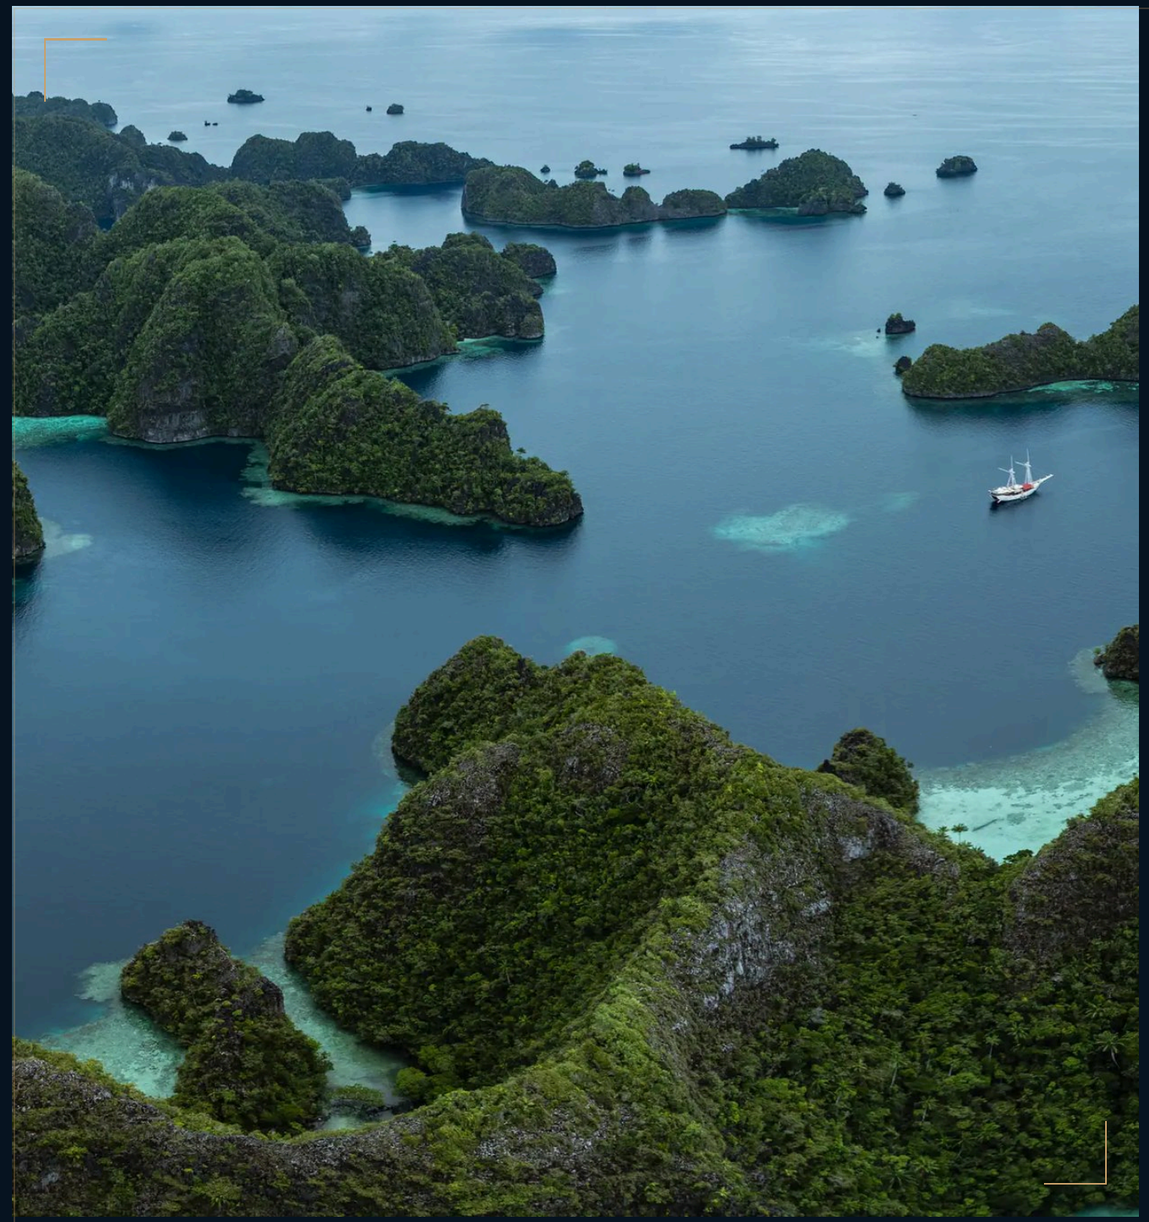

Komodo National Park

"The Jakaré Cruise can be tailored to your diving passions and travel dreams, according to your pace."

Located between Sumbawa and Flores Islands, it is the home to the famous Komodo Dragons. An exceptional National Park classified as a UNESCO World Heritage Site and a Man and Biosphere Reserve.

Due to its specific location, it includes one of the world's richest marine environments with exceptional biodiversity. Superb sceneries including white sand beaches, incredible bays, and crystalline waters.

YOUR DESTINATION

Raja Ampat

Made of 1,500 islands, the Raja Ampat archipelago (which means the four kings) is exceptional and unique.

Located in West Papua, Raja Ampat is home to the richest and most diversified marine flora and fauna in the world: 75% of the world's coral can be found in Raja Ampat. The sceneries include mangroves, pristine beaches and virgin islands.

YOUR DESTINATION

Togean Islands

Located in North Sulawesi, the fifty-six Togean Islands are of volcanic origin. A still confidential destination offering exceptional marine biodiversity.

Take the opportunity to meet the Bajos “sea gypsies” who live in villages built on stilts, trek and visit the active volcano at Una Una, dive in the Jellyfish Lake in Kadidiri, and enjoy kayaking around the beautiful and pristine beaches of Malenge Island.

YOUR DESTINATION

Banda Neira

Embark on an unforgettable journey through the Banda Sea with our enchanting cruise. Dive into a world of colourful corals and unique marine life, from vibrant angelfish to majestic hammerhead sharks. Explore nature's underwater architecture in intricate coral gardens and volcanic formations.

Our voyage takes you to Banda Neira, the historic heart of the Spice Islands. Here, walk the streets once dominated by the Dutch East India Company, and immerse yourself in the echoes of a vibrant trading past.

Discover the rich cultural heritage that enhances your journey and provides a unique insight into the region's historical significance.

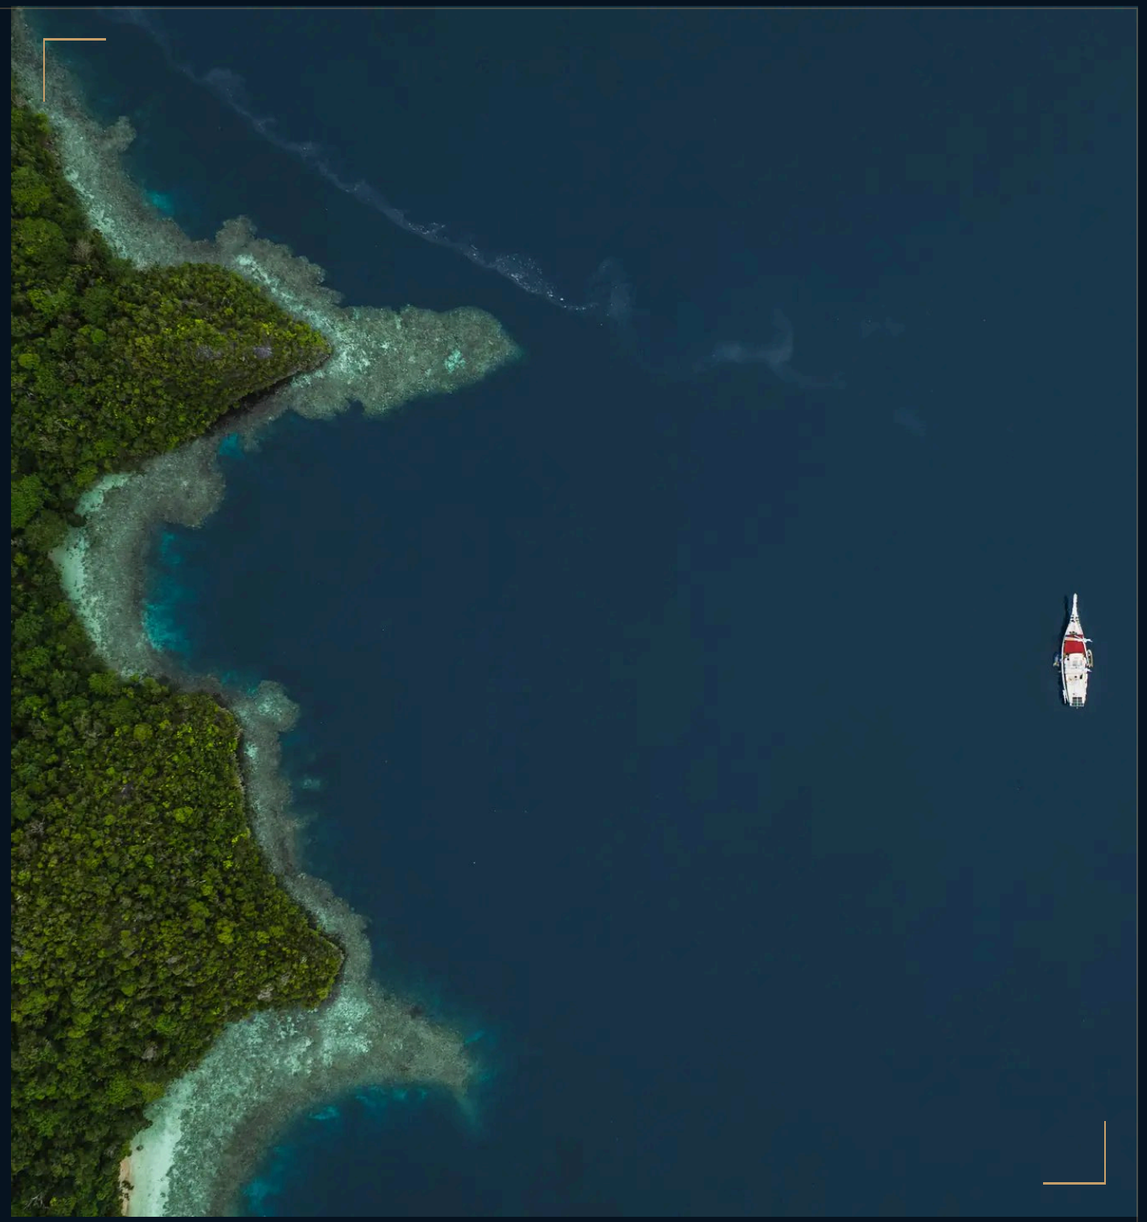

YOUR DESTINATION

Halmahera

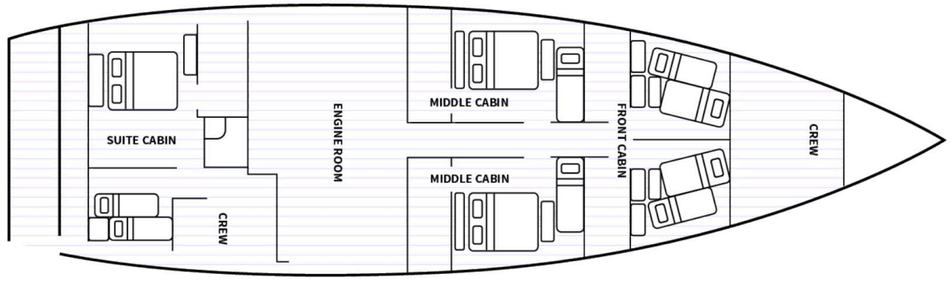

Volcanic in origin, these islands, which are today largely excluded from the economic development of the rest of the country, have nevertheless marked the history of the area and of old Europe.

Otherwise known as ‘Spice Islands’, these islands were the scene of high stakes and were coveted by the main economic powers of the 16th century: English, Dutch, Arabs, Portuguese and Chinese who contested the dominance of the place to control the precious spice trade.

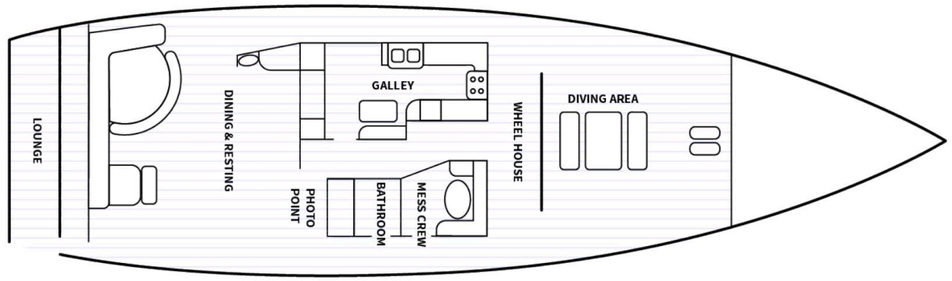

In the 19th century, the naturalist Alfred Russel Wallace also made it his base for exploring the more remote Indonesian regions, contributing his research to the theory of evolution published by Darwin.
