A new day has *dawned*.

A new day has dawned for Mutiara Laut, bringing with it a new luxurious space to witness the wild beauty and natural wonders only found in Indonesia.

A classic 46m wooden yacht crafted to sail the far reaches of the vast archipelago, Mutiara Laut underwent an extensive refit, a reinvention, emerging with a fresh take and elevating the quintessential Indonesian voyage.

Mutiara Laut presents guests with a relaxed, luxurious elegance combining natural hues, glass, and contemporary Indonesian touches while focusing on space, optimal comfort, and privacy.

THE YACHT

Pearl of *the Sea*

Meaning ‘Pearl of the Sea’ in Indonesian, Mutiara Laut was carefully crafted based on a classic 18th century North Atlantic Schooner with unique Indonesian touches.

Seeing her two masts at full mast is certainly a sight to behold and an experience of a lifetime. Its classic design features 7 well-appointed cabins, warm teak wood throughout, and ample indoor/outdoor space for guests to relax and enjoy Indonesia’s exotic beauty.

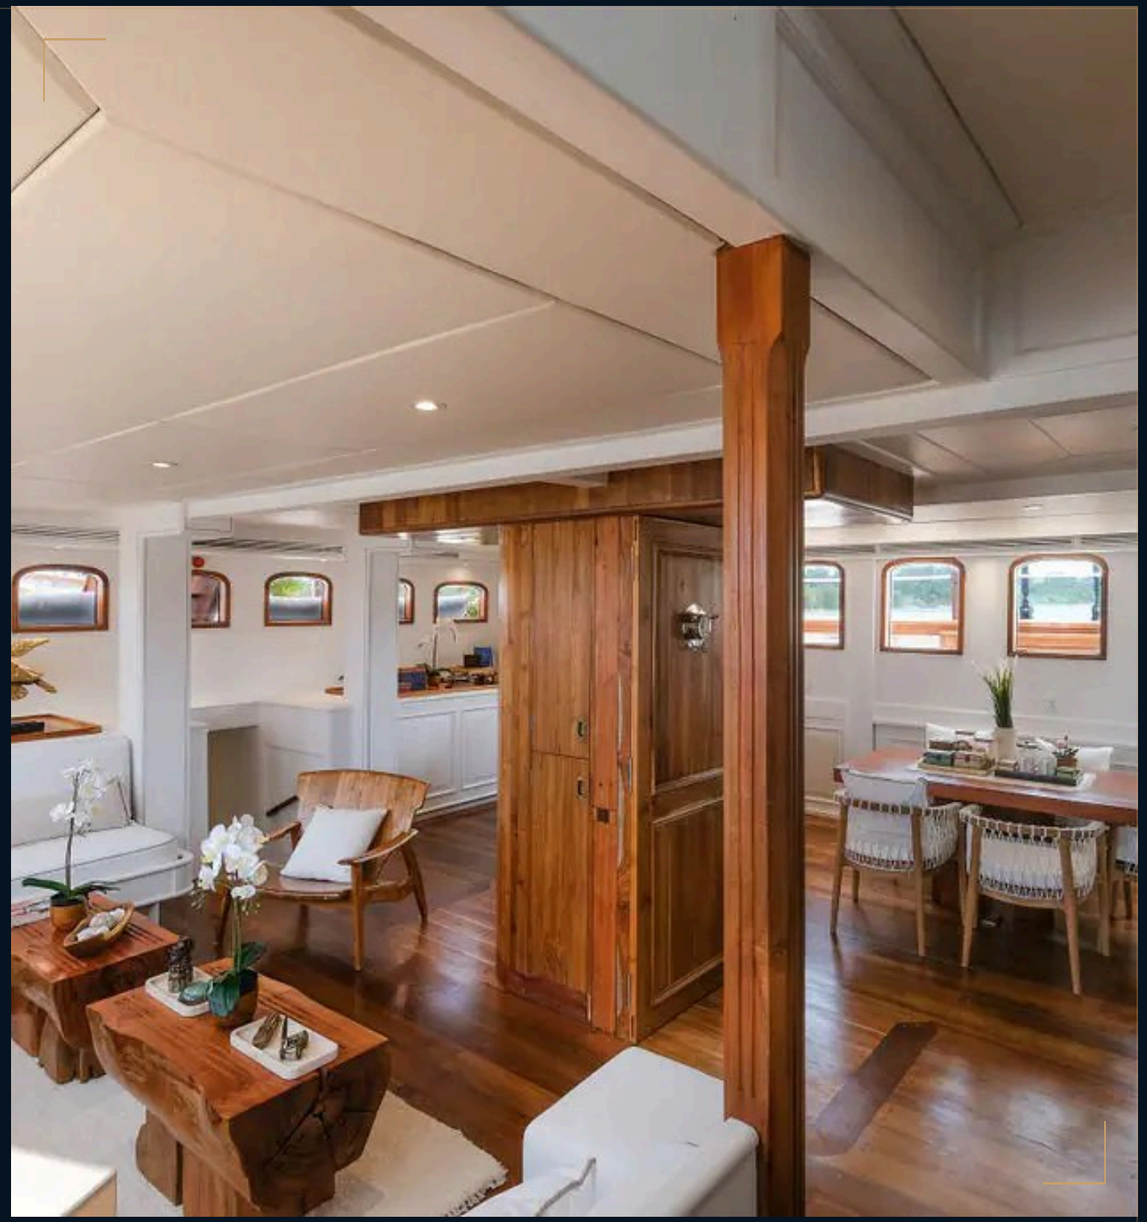

LIVING SPACES

Space to *connect* and relax.

At the heart of every Mutiara Laut experience lies a spacious environment designed for relaxation and connection, carefully tailored for Indonesian expeditions. Great care and meticulous attention to detail were invested in crafting the living areas to create inviting spaces that harmonize with the breathtaking natural beauty.

Mutiara Laut's indoor lounge and dining area provide a climate-controlled multi-purpose space where guests can savor meals or unwind, escaping the midday sun. Large windows encircle the interior lounge, giving it an open and airy ambiance while keeping guests connected to the rugged landscape.

The doors lead to the covered outdoor lounge and dining space, offering the chance for open-air dining beneath the stars and a place to unwind on comfortable day beds and sofas. Mutiara Laut's lounge area serves dual purposes, transforming from a serene spot for morning yoga to a tranquil lounge enveloped by the natural breeze.

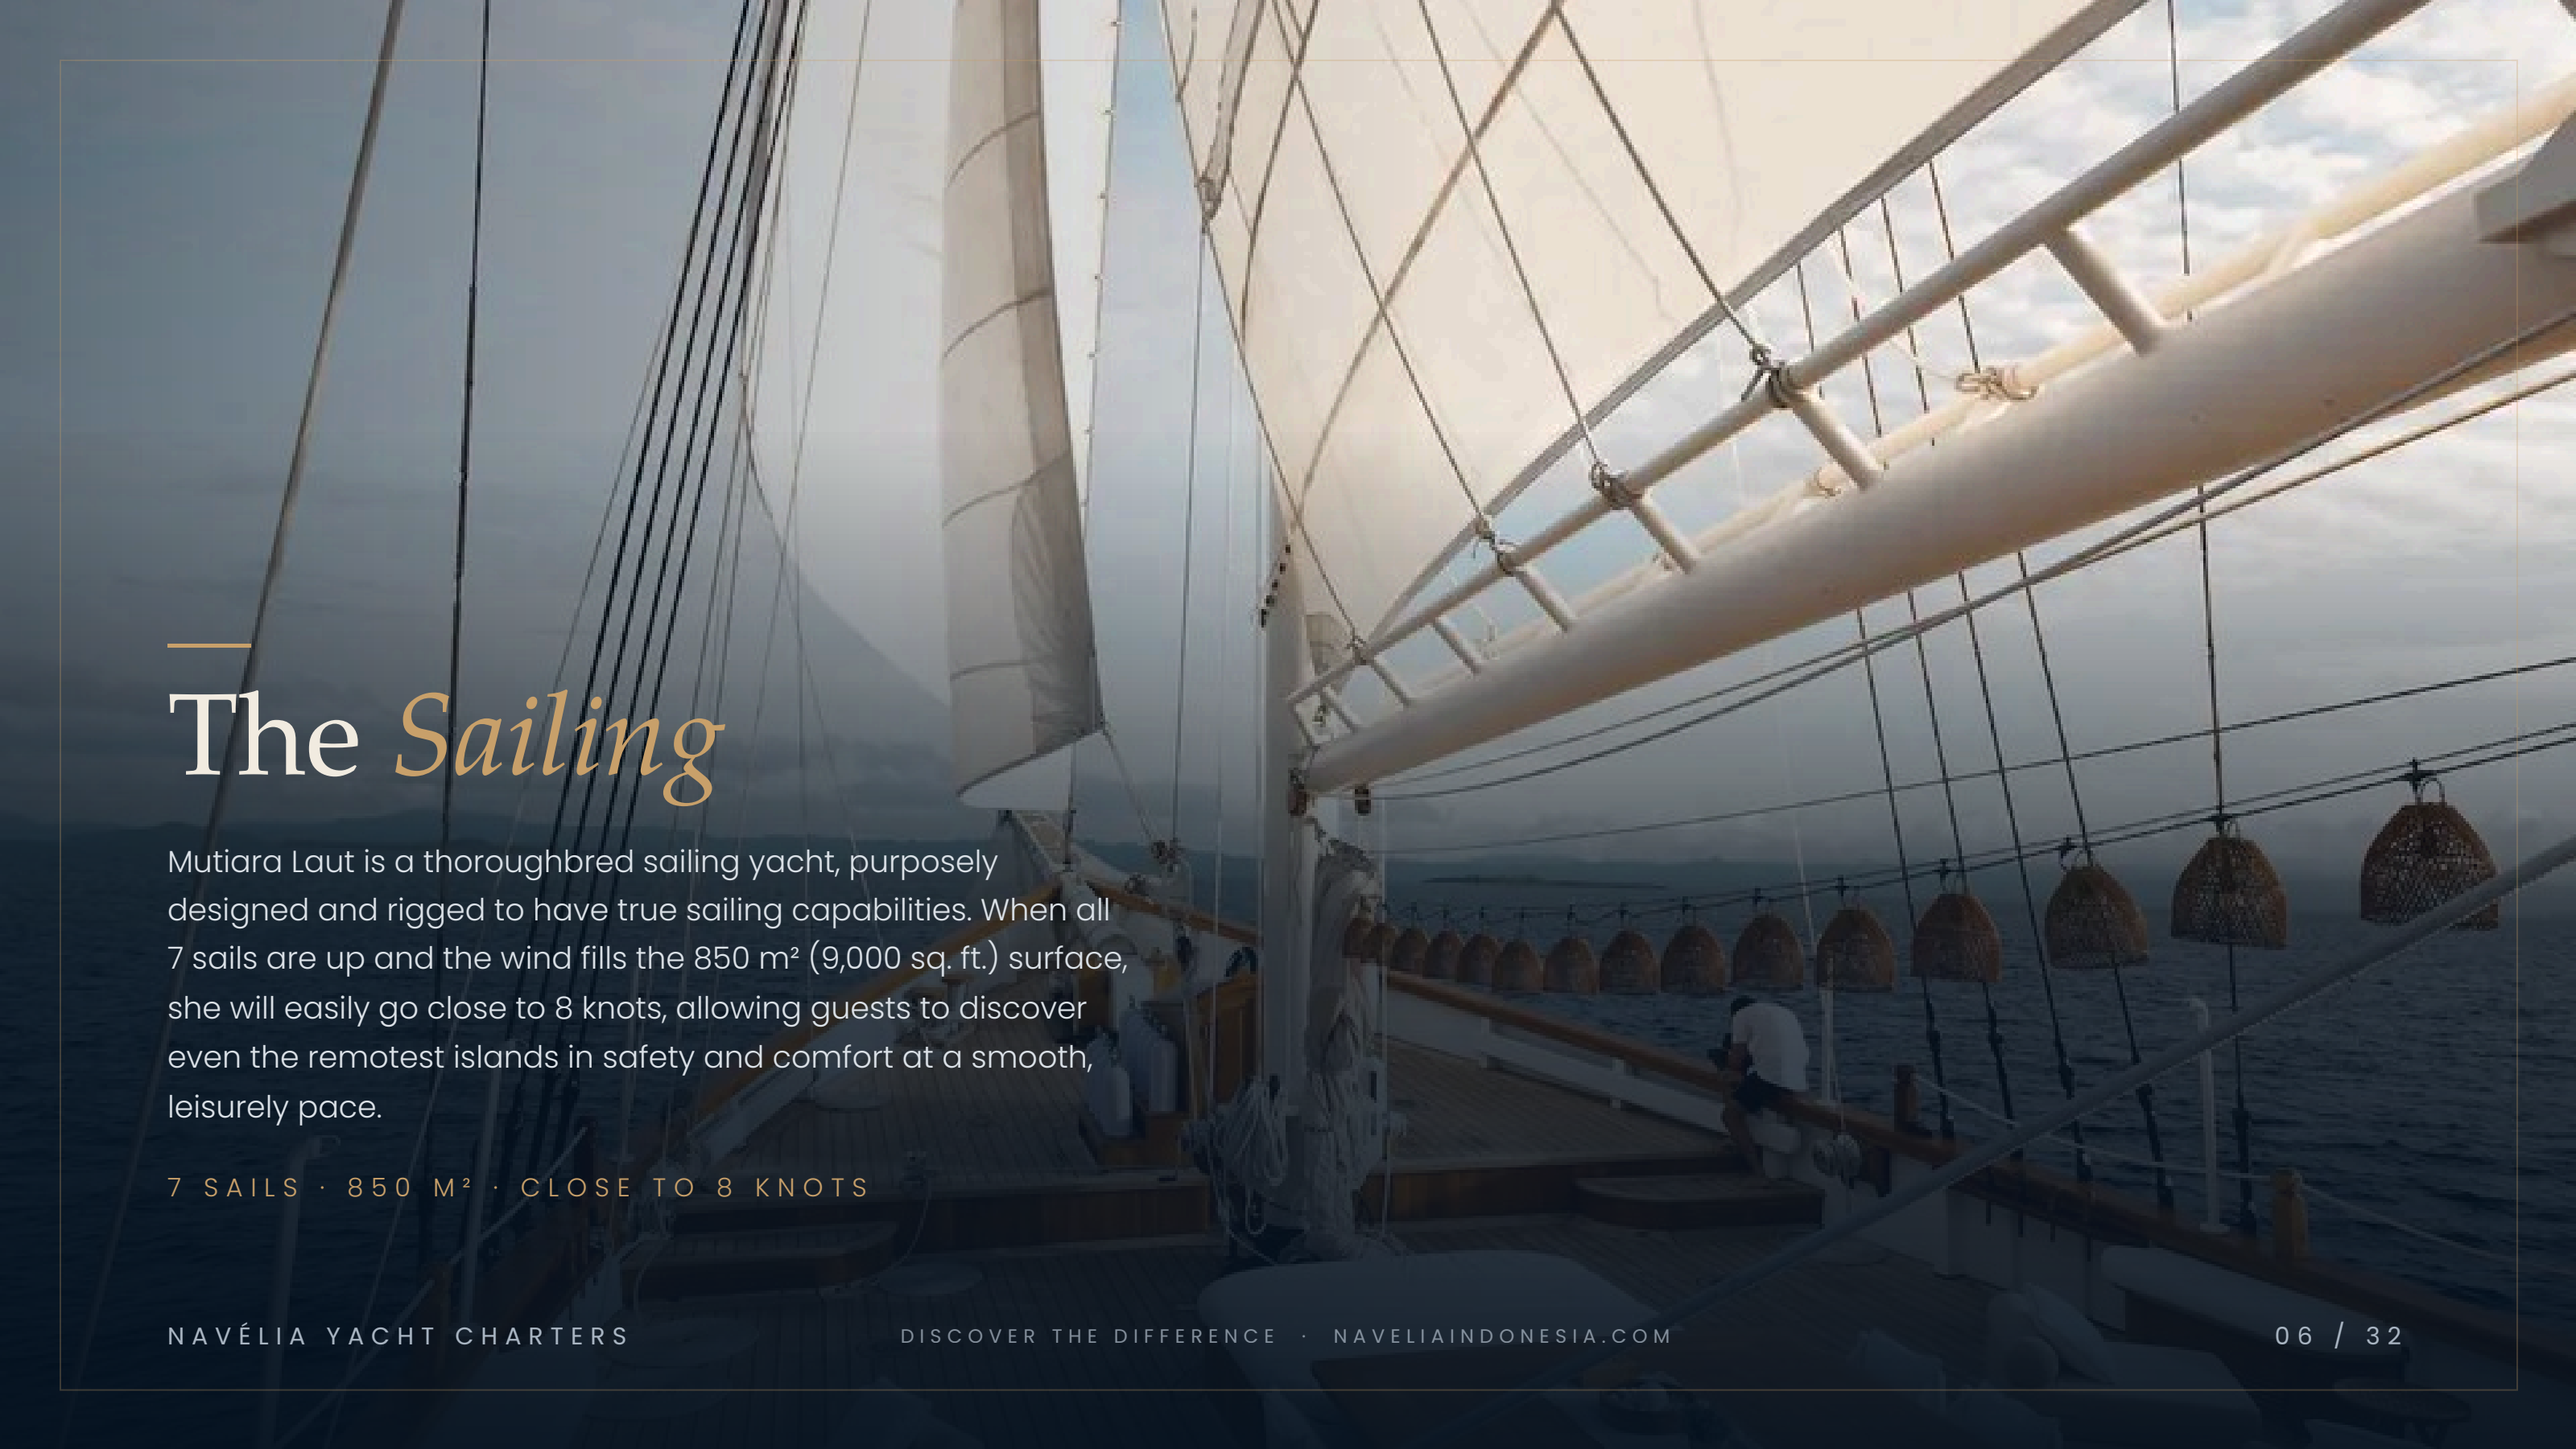

THE INTERIOR

The *Sailing*

Mutiara Laut is a thoroughbred sailing yacht, purposely designed and rigged to have true sailing capabilities. When all 7 sails are up and the wind fills the 850 m² (9,000 sq. ft.) surface, she will easily go close to 8 knots, allowing guests to discover even the remotest islands in safety and comfort at a smooth, leisurely pace.

Walk alongside the legendary Komodo dragons, blissful days on a pink sand beach, and exploring world-class dive sites – Komodo National Park is where your future memories are created.

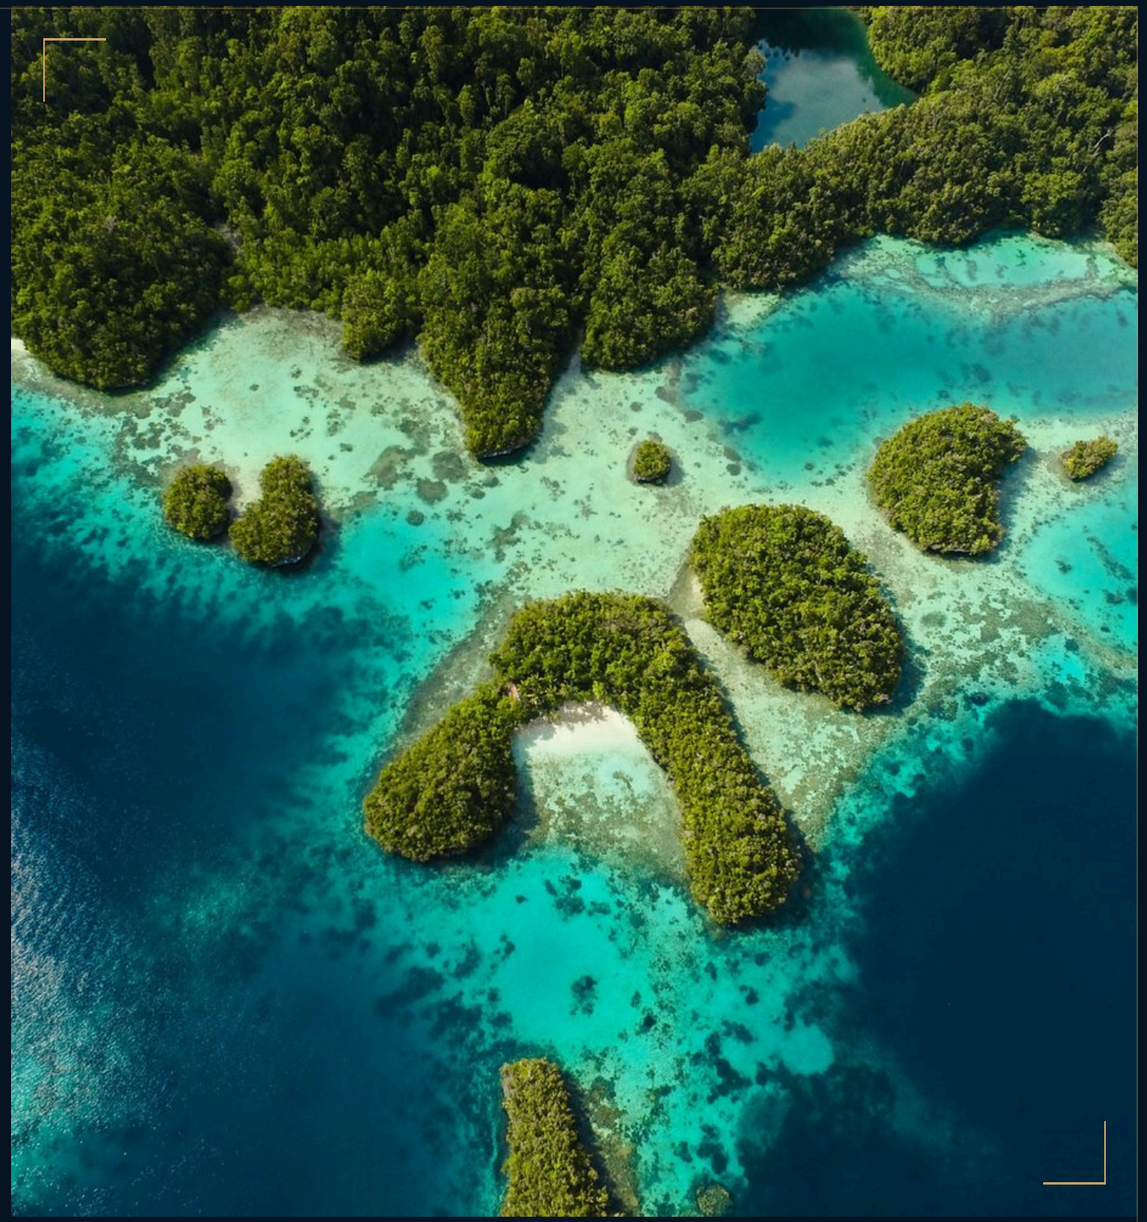

DESTINATION

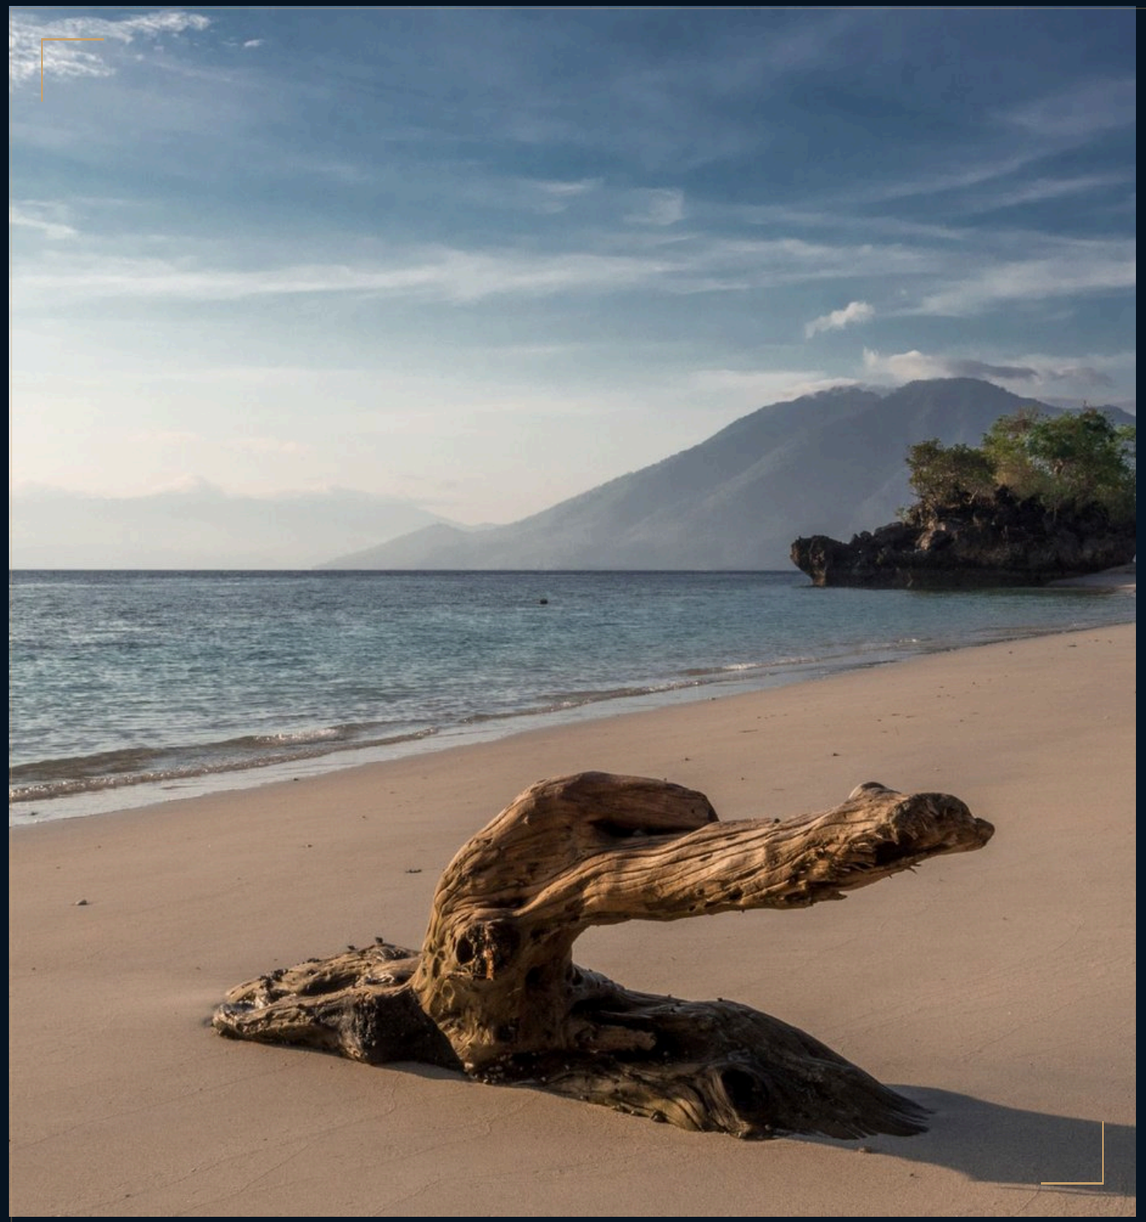

Raja Ampat

Raja Ampat, translated to the “Four Kings”, is located off the tip of Bird’s Head Peninsula in remote New Guinea, Indonesia’s West Papua province.

Best known for its diverse underwater landscapes on the planet, the Raja Ampat archipelago consists of four main islands: Misool, Salawati, Batanta, and Waigeo, surrounded by 1,500 smaller islands.

Situated in the centre of the Coral Triangle, Raja Ampat is a prized crown jewel of Indonesia’s famed waters and a global centre of marine biodiversity. An epicentre for underwater adventure, the Raja Ampat archipelago is one of Indonesia’s largest protected marine areas and is the world’s richest coral reef ecosystem. Its vibrant waters are home to over 75% of the world’s hard coral species, with new species discovered regularly.

DESTINATION

Alor

Located at the eastern side of the Lesser Sunda Islands, Alor and its neighbouring islands of Solor, Pantar, and Lembata offer a wild volcanic landscape with a rich, colourful culture. The Sunda Islands' abundant and flourishing marine life is attributed to the strong currents flowing through the narrow straits. These currents provide exhilarating drift dives over the pristine coral ecosystem and breathtaking encounters with pelagics, including hammerhead and thresher sharks.

Stunning landscapes await as you travel overland to the lost villages of the Abui tribe, who to this day stay true to their traditional way of life and are also known for their colourful hand-crafted textiles created with techniques passed down through generations.

A cruise through the Alor archipelago is ideal for those who desire an idyllic blend of exhilarating marine adventure and witnessing cultures yet to be altered by tourism.

DESTINATION

Banda Sea

The Forgotten Islands and The Bandas are a chain of small volcanic islands situated between Timor and West Papua. Often referred to as the Southwest Moluccas, these rarely accessible islands offer a rich checkered history that paved the way to our present world.

Located in a remote area where diverging currents bringing nutrient-dense water meet, the Forgotten Islands are a diver's paradise! Nil Desperandum and Terbang are two significant diving hotspots and are best known for the large schools of hammerhead sharks that travel throughout the waters of the Banda Sea. A truly exhilarating and unforgettable dive!

These waters are a kaleidoscope of colour and underwater landscapes, offering deep walls, flourishing colourful corals, pinnacles, and volcanic slopes.

EXPERIENCE

Birdwatching

Birdwatching in Indonesia's untouched, biodiverse landscapes offers a rich experience, as these rainforests are home to numerous unique endemic species found only in this part of the world. One such species is the flamboyant Birds of Paradise found in the eastern island of Papua. Best known for its unique 'dance' mating rituals, the Birds of Paradise put on a spectacular display in an attempt to attract the perfect mate.

Other endemic species found on Papua are the flightless Southern Cassowary, known for its bright blue neck, hornbill, and deadly claws, and smaller species such as the Victoria Crowned Pigeon or a variety of brightly colored Kingfishers.

Mutiara Laut will operate ornithology-focused journeys throughout the year, allowing guests a first-hand look at these one-of-a-kind creatures.

EXPERIENCE

Culture / *Expedition*

Indonesia is a diverse nation that includes over 18,000 islands spread over 5,000 km along the equator; many of the islands still hold to their authentic ways, untouched by tourism's hand.

Mutiara Laut hosts expert-led explorations and culture-focused departures to the rarely visited treasures of Indonesia. We extend in-depth, authentic encounters with indigenous tribes; the legendary Asmat tribe of Papua, the Ikat weavers found in the Lesser Sunda Islands, or the Dayak tribe of South Kalimantan.

Delve into a world long gone when we sail around the Banda Islands, once the world's epicentre of the spice trade, which will deliver its secrets and tales through our team of expert local guides.

EXPERIENCE

Trekking

Lush peaks rising from multi-hued azure water provide the perfect opportunity to stretch your legs and create once-in-a-lifetime memories. Indonesia lies in the Ring of Fire, known for its numerous volcanoes that mould and create its breathtaking landscape.

With treks available for all fitness levels, you have many choices to discover the islands of Indonesia. From the rolling hills to view the Komodo dragons and hidden waterfalls to trekking to the summit of active volcanoes, Mutiara Laut is the perfect vessel to take you to rarely seen wonders.

EXPERIENCE

Snorkeling & *Diving*

Situated in the centre of the Coral Triangle, an area known for its concentration of sea life—over 76% of the world's coral species and thousands of different reef fish are flourishing in the brightly coloured gardens. Nutrient-rich currents attract larger marine animals, including Whale Sharks, Manta Rays, whales, and sharks, as they migrate annually to warmer waters.

Our expert dive instructors and crew are well versed in Indonesia's abundant waters. Whether you are an experienced diver or prefer snorkeling, we guarantee you will be amazed by the offerings of Indonesia's underwater paradise.

EXPERIENCE

Water *Sports*

Crystal clear waters and calm seas are plentiful throughout Indonesia, and exploring these beautiful shores is best on one of Mutiara Laut's kayaks or stand-up paddleboards. Both options are known as low-impact workouts, and they are also ideal for getting close to nature.

Kayak or SUP through the dense mangrove forests to view the wildlife that relies on these ecosystems to survive or get up close to limestone peaks in Raja Ampat while watching black-tipped reef sharks swim by.

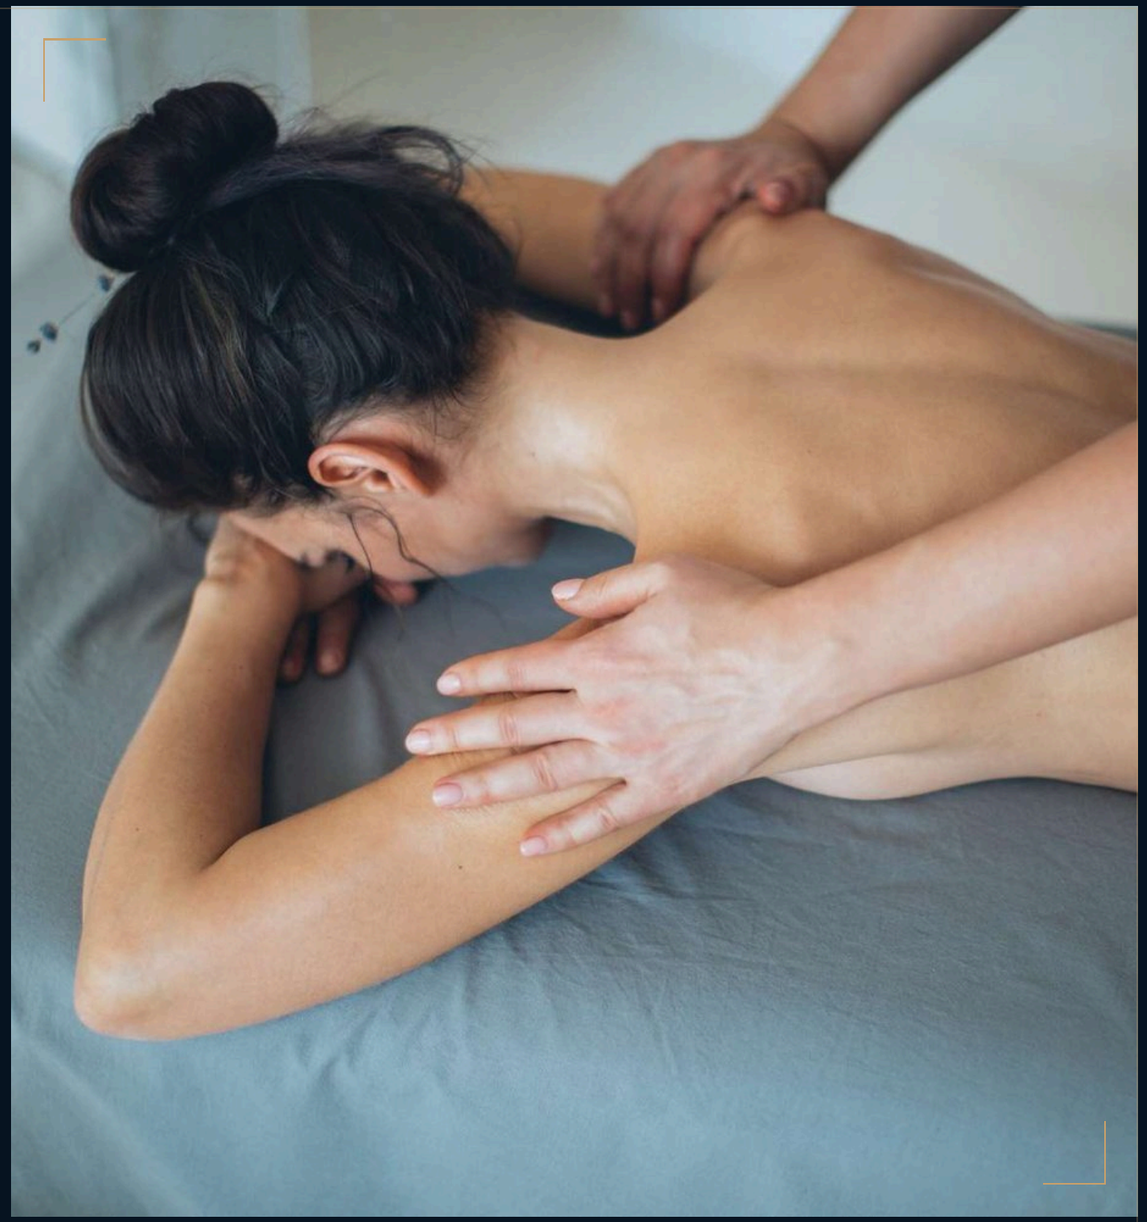

EXPERIENCE

Massage

Blissful relaxation with breathtaking views and ocean breezes is guaranteed on every Mutiara Laut voyage.

Let tensions melt away with a Signature Balinese massage provided by our licensed onboard massage therapist. Designed with abundant open space and privacy, guests can enjoy a private massage either on deck or in one of our Owner's Cabins.

On days when the ship calls on a deserted island, our crew will arrange for ultimate decadence – a private beach massage. Imagine stepping foot on a pristine beach fringed with swaying palms while the gentle breeze passes through, listening to the sound of the waves gently rolling onto the shore.
