SEQUOIA

Timeless Craftsmanship & Luxury Meets Adventure

Sequoia is an intimate, cosy, safe, and state-of-the-art vessel sailing through the stunning waters of Indonesia. Her Owner dedicated four years to overseeing her bespoke build, resulting in a 30-metre, hand-crafted wooden schooner designed to explore the 18,000-island archipelago.

Blending timeless craftsmanship with modern marine technology, Sequoia has safety and ecological consciousness at the core of her design. Sequoia is equipped with low-consumption systems and advanced sanitation to minimise her carbon footprint, and silent running under sail is enabled by cutting-edge materials. Single-use plastics are no longer used onboard for an eco-friendly cruising experience.

Sequoia guides guests through Indonesia's Coral Triangle, a region brimming with life, beauty, and wonder. Each Sequoia Safari embodies the art of living, offering warmth, intimacy, and a spirit of connection.

INTERIOR LIVING

Open-Air Spaces Reconnection & Inspiration

Sequoia offers generous social and lounging spaces. “The Great Room” on the main deck is designed with guests in mind. This spacious open-air salon is surrounded by 20 handcrafted teak-louvred doors, offering an inviting and elegant atmosphere. At its heart lies a luxurious teak dining table, the perfect gathering spot for family and friends.

A standout feature is the unique beverage centre, where fresh tropical juices, cocktails, and guests’ favourite drinks are expertly crafted. Enhanced by a brilliant Awlwood custom finish, the natural beauty of the teak comes to life, making this space both stunning and unforgettable.
